Professional Summary

Dedicated and forward-thinking software engineering student with a robust understanding of programming, web technologies, and data science. Adept at problem-solving and eager to contribute to innovative projects that drive technological advancements. Passionate about continuous learning and applying emerging technologies in real-world applications.

EDUCATION

Institution	Degree	Percentage	Duration
Vignan Nirula Institute	B.Tech (Information Technology)	76%	2021 – 2025 (Expected)
of Technology for Women,			
Andhra Pradesh			
Sri Chaitanya Junior College,	Intermediate	70%	2019 - 2021
Andhra Pradesh			
Sri Konda Veedu Public	SSC	73%	2017 - 2019
School, Andhra Pradesh			

TECHNICAL SKILLS

- Programming Languages: Java, C++

- Web Technologies: HTML, CSS, JavaScript, Bootstrap

- Database Management: SQL, MySQL, MongoDB

- Frameworks: Django, Flask

- Tools & Platforms: Git, GitHub, Docker, Jupyter Notebook, VS Code

- Operating Systems: Windows, Linux

- Version Control: Git, GitHub

Internship Experience

Data Science Intern

SkillDzire Duration: 2 Months, 2024

- Analyzed large datasets to extract actionable insights and support data-driven decision-making.
- Implemented machine learning models to predict trends and patterns.
- Assisted in data cleaning and preprocessing to ensure the accuracy and quality of data.

Project Experience

Smart Home Automation System

Vignan Nirula Institute of Technology for Women

- Developed a smart home automation system allowing remote control of home appliances via a mobile app.

Duration: 6 Months (2023)

- Designed and implemented features for lighting control, temperature regulation, and security monitoring.
- Utilized IoT and MQTT protocol for seamless communication between devices.
- Integrated sensors and actuators for real-time monitoring and automated actions based on user preferences.
- Created a user-friendly web interface for easy management and customization of home settings.

CERTIFICATIONS

- Microsoft Certified: Azure Administrator Associate
- TCS Certified: Communication Skills, Interview Skills
- IBM Certified: Data Science and Machine Learning Capstone Project, ML with Python
- GUVI Certified: Python Programming, Game Development Using PyGame
- Infosys Certified: Java Programming
- UNICEF & Vikramshila: Basics of Financial Literacy
- NPTEL Certified: Internet of Things (IoT)
- NIIT Foundation Certified: Digital Productivity

Workshops and Webinars Attended

- Advanced Python Workshop: Tech Innovations (3-day intensive workshop)
- Machine Learning Seminar: AI Insights (practical applications in ML)
- Web Development Bootcamp: WebTech Academy (modern web technologies)
- Data Analytics Webinar: Analytics Frontier (industry trends)
- Ethical Hacking Workshop: CyberTech Solutions (cybersecurity fundamentals)

Personal Skills

- Strong communication and collaboration skills
- Excellent problem-solving and analytical abilities
- Adaptability to changing environments and technologies
- Proactive, self-motivated, and a quick learner
- Team player with leadership experience
- Ability to work independently and manage multiple tasks efficiently

Hobbies & Interests

- Coding and software development
- Exploring new technologies and tools
- Reading technical blogs and articles
- Playing chess
- Listening to music
- Traveling and exploring new places

DESCRIPTION

A motivated and skilled software engineering student with a deep interest in data science, artificial intelligence, and emerging web technologies. Equipped with a strong academic background, practical internship experience, and a passion for innovative projects. Demonstrates excellent problem-solving abilities, teamwork, and leadership skills. Actively engaged in continuous learning to stay updated with the latest industry trends and technologies.
